

What started in 1975 as one man on a motorcycle with a willingness to obey God has grown into a worldwide ministry with thousands of members and chapters across the USA and outreaches in more than 30 countries around the world. Our members enjoy an unmatched experience as they involve themselves in the ministry with their local CMA chapter. Strong friendships develop around the common interests of faith, family, and motorcycling. Involvement in CMA will allow you to meet some wonderful people to ride alongside; people who will love, support, and encourage you.

CMA is motorcyclist friendly fellowship in a ministry whose cornerstone is Jesus Christ. The heartbeat of CMA is evangelism. Although you can be a part of the Christian Motorcyclists Association solely for the fun and the fellowship, it's the sharing of the Gospel in the motorcycling community that is our distinct calling. Each weekend, CMA members go into the highways and byways of America, taking the love and the light of Christ to the lost and the hurting, serving at motorcycling events of every sort. From distributing water in the heat of the day, to flagging races, to picking up trash, CMA members look for ways to serve and be "Here if you need us" whenever and wherever possible. Because of these efforts, millions of lives around the world have been impacted for the cause of Christ.

If you're looking for a place to enjoy the sport of motorcycling in a clean, safe environment, come ride with us. If you're looking for a place to spend time and ride with other Christians, come ride with us. If you're looking for a place to share the love of Jesus to the world, come ride with us.
